HERE'S THE TICKET TO VOTE NOV. 5.

U. S. Senator--John K. Shields.
Governor--A. H. Roberts.
Congressman--Cordell Hull.
R. R. Commissioner--H. H. Hannah.
State Senator--W. R. Mathews.
County Representative--Will Overton

In a speech at Hartford, Conn., Monday night Secretary Daniels declared that Republican opposition in Congress had blocked the Shipping Board Bill for two years, and thus delayed the sending of troops to France. He charged that those who are now opposing President Wilson's peace principles are trying to drive a wedge between the Allies.

Hey--Democrats, wake up, and remember the election Nov. 5. Go to the polls and vote for all Democratic nominees from top to bottom. The Republicans have launched a "gum-shoe" campaign over the State, and will endeavor to pile up a big Republican vote, therefore, its of importance that all the Democrats get out and vote on Nov. 5.

War Convention.

A big Allied War Work Convention will be held at Gainesboro, Nov. 7, 1 P. M. Dr. H. E. Buchanan, state recruiting secretary, army Y. M. C. A., and other prominent speakers will address the convention.

All the war workers of the various Districts, both men and women are expected to be present.

HEAR THESE.

Dr. T. A. Kerly, of Nashville, one of the most enthusiastic and forceful speakers in the State, and Quinby Dyer, District Director United War Work Campaign, will speak in Gainesboro, 1 P. M. Monday, Nov. 4.

W. C. Roberts and three sons are out again, after being confined for several days with the Influenza.

HAYDENBURG R-1.

Most everybody has the Flu. We have had some rainy weather for the past week.

Jackson County High School Reopens Nov. 4.

The Jackson County High School will reopen Monday, Nov. 4, after a suspension of three weeks on account of influenza.

The epidemic shows signs of abatement all over the country. One of the Nashville papers recently contained the information that the epidemic was practically at an end in the forty-three cantenments.

The schools in Robertson county, Springfield, Williamson county, Gallatin, and Sumner county were to reopen Monday, Oct. 28. The Davidson county schools will resume work, Monday, Nov. 4.

After a rest of three weeks the boys and girls of the school here should take up their studies with renewed zeal and a determination to finish their grades by the close of the school year.

It behoves school children to take every advantage of self improvement now, for trained leaders will be in great demand when the war is over. The need for preparation is universally felt today. The writer might cite a leading college professor who has obtained a leave of absence for two years in order that he may study the school problems of the state of Wisconsin. With the new information that he may acquire he will return to his old post of duty to help the young men who may return after the close of the war.

In this connection we might say that the University of Wisconsin is one of the most democratic institutions of learning in America. Its democratizing influence is, no doubt, felt in village and hamlet and rural district in the state of Wisconsin. The enrollment of this great institution is now over 5,500.

Fortunate indeed will the boy or girl be who prepares to meet the problems of life.

Let the watchword be preparation.

CORINTH.

4th Sunday--Preaching 11: A. M.

I am thankful that Providence has brought me back to Gainesboro Mission for the coming year. As a field for service there is unlimited room. The results accomplished will be in proportion to the work rendered by the church and pastor, under the direction of Christ, "Our Captain."

Brethren; there are great opportunities before the church as never before. The old and young alike are thirsting for spiritual food. The age in which we live demands a forward move. More is required of the church, if we are to keep in step with the times. As the boys come home from the war, where they have learned to love the Y. M. C. A., and other religious services, they will ask, what has the church been doing? What will our answer be? Our boys are not slackers in the least, and we can't afford to be. I am depending on you and your help and in-

fluence to bring our Sunday-schools, church services, etc., up to the standard. I am sure I shall have your hearty co-operation in the future, as in the past. Without it our hopes will be blighted, and our lives fruitless. Shall I count on your presence at every service? And while our brave boys are bearing the banner of our country across the seas, let us hold high the "Banner of Prince Emanuel" at home. Brethren let us pray and work as never before.

Your Colaborer in the Gospel,
O. P. Gentry, P. C.
Gainesboro Circuit.

L. P. TINSLEY MAKES RECORD TRIP.

Armarilla, Texas,
Oct. 10, 1918.

Jackson County Sentinel:

I will make an attempt to out line a short trip I have just finished up in New Mexico. I arrived here this P. M., from New Mexico.

I left Nara Visa N. M., this morning at 6 o'clock, drove thru in an automobile, a distance of 805 miles, in 11 hours. Believe me N. M. is some country. I stood flat footed in one place and could see 496 miles, not a single obstacle larger than a cow could be seen. I seen on one ranch seven thousand head of white face cattle, all in one herd. Believe me that was a sight for a Jackson county chap to see. On this trip I ran into a bunch of coyotes, which numbered about 174. I killed 73 of them and could have killed more of them, but I shot out. A little further up the line I eased up on a den of rattle snakes. I managed to count 103 of them. I only killed one out of the bunch. He measured 8 feet and 13 inches long. This snake had a Mexican just about swallowed, so you see I have been busy today. I stopped over long enough in Clayton, N. M. to sell one car load of oil, which took me 30 minutes.

I feel sure there is not a person in Gainesboro who doubts this statement, unless it is the Hon. J. H. Stafford, as you know it hurts his feelings for him to think there is any one in the land that can tell a bigger lie than him. So if he does indicate to you, that I have not absolutely told the truth about this, please report him to the Rev. John Dudney.

Please send me your paper to Dallas, Texas, in care of Oriental Oil Co.

Yours Respt.
L. P. Tinsley.

13th District Overseas 4th Liberty Loan.

In last week's issue the 13th was mentioned as one of the 3 districts in the county which failed to go over, but a final report showed the district had subscribed \$10,600, which was more than its quota. We are glad to make this correction. The 13th is one of the very richest districts in the county and the people of that district, we are glad to say, are responding liberally to every call of the Government.

Administrators Notice.

All persons indebted to the estate of late W. K. Tinsley, deceased, will please come forward and settle same at once.

All who have claims against said estate will file same with the Clerk & Master, Gainesboro, Tenn., duly authenticated as the law directs, or they will be barred.

Ada Tinsley and B. L. Quarles, Administrators.

To All Concerned.

This is to advise you that the time is drawing near when the Administratrix of the Brooks Estate will be compelled to take steps to collect all matters due said estate. You will, therefore, greatly oblige all concerned by calling and making settlement at an early date.

Yours very truly,
B. L. Quarles.
